Profile

Hi, I'm a Computer Science graduate who loves building amazing experiences! Solving problems is what I do best whether its coding or helping my team win at board game nights.

I am qualified for a wage subsidy from \$10,000 - \$14,000

Thanks to the Service Canada funded Career Focus program

PROJECTS

Reel Vote

React Firebase Sass API HTML

Community movie voting app where users can login, put up to 5 movie nominations and view the top community results.

StoryStarter

React Firebase Sass MOB HTML

Minimalistic writing app that helps users stay focused through timed pop up messages. This agency style project also features a database storing user generated prompts for you to write about.

PotatoHead

HTML Sass CSS jQuery/JavaScript

Toy Story inspired app that allows users to create and customize their own potato friend. All parts were made from DIV tags using CSS. (Turn on sound for best experience)
